

## Benefits of a Partnership with First Student

Student transportation is challenging. In addition to the complexity of daily operations, school districts are caught between increasingly limited resources and ever-changing demands for services. Each year, more school administrators are discovering the value and benefits of converting to contracted student transportation services.

The value First Student brings is more than just cost reduction, contracting transportation allows districts to keep their focus and energy on the classroom. Key benefits of contracting include:

### INCREASE SAFETY

We meet federal and state standards and often exceed state minimums.

### ALLEVIATE STRESS

We'll provide relief from daily transportation worries while you maintain oversight and authority.

### REDUCE COST

Districts benefit from fixed price agreements, which are usually significantly less than district costs (wages, benefits, healthcare, recruiting, etc.).

### MITIGATE LABOR ISSUES

From recruiting and hiring to grievances and employee contract negotiations, we've got it covered.

### LOCAL SERVICE

We hire your existing drivers, attendants and local residents. The same familiar faces you know and love.

### MODERN FLEET

Contractor-owned fleets offer more frequent replacement schedules, buying power, and better technology.

### SUPERIOR FLEET MAINTENANCE

Our rigorous preventative maintenance and regular fleet replacements ensure safety and reliability.

### MAINTAIN CONTROL

Contracting means more control. You choose from a variety of services to establish the service parameters that fulfill your needs.

### SEAMLESSLY CONNECTED TECH

Our industry leading technology provides safety and efficiency in all operational areas.

### ADD VALUE

We deliver quality through safety and security training, maintenance, recruiting, drug testing, facilities management, fuel service and more.
