Contract allows up to three additional years

Alternative Service For Students With Special Transportation Needs

A cooperative purchasing agreement can be used to obtain services and contracts in an economically beneficial way. This contract is for alternative transportation services and value-added resources such as our consulting services including routing, fleet management and maintenance, transportation, and special needs training. Utilizing a cooperative lowers the overall cost of contracting by saving time and money on the procurement process since the work has already been done by a publicly entity.

First Student contract highlights

First Student's alternative transportation division, First Alt, provides district services for students with special transportation needs: students with special needs and hard-to-serve trips.

Available products

- Alternative transportation services
- Transportation routing
- Compliant vehicles
- Driver vetting
- Driver training program
- Custom technology
- Transportation for students with special needs
- Transportation for hard-to-serve trips

Who is Buy Q?

BuyQ is the only group purchasing organization devoted specifically to charter and private schools. In coordination with a committee of school representatives, BuyQ selects group purchasing vendors through an open and competitive RFP process that ensures charter and private schools receive the greatest value.

- These contracts save members time by providing a legal exemption from conducting their own bid or request for proposals (RFP).
- Provides charter and private schools the greatest value available on the national market and the lowest total cost of ownership.
- BuyQ provides significant discounts and other service benefits.
- As an independent, mission-driven organization focused only on charter and private schools, BuyQ adheres to a strict code of conduct that governs their contracting process.
