

Real-time GPS tracking: Driving transparency and peace of mind

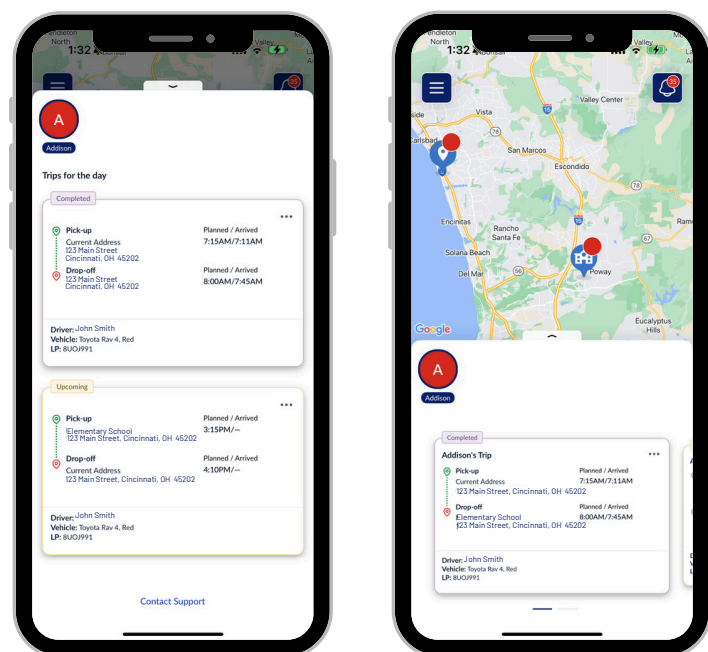

With First View, school district customers and parents/caregivers receive visibility and stay connected to daily student trip events.

First View for districts and schools

- Securely monitor student trips via a real-time dashboard - view today's trips and future trips.
- Detailed GPS trip information at a district and/or school level view.
- View for driver and vehicle details for clearer transparency.
- Review the driver's completed route path for each trip.

First View for parents and caregivers

- Securely monitor your student(s) daily trips.
- View real-time vehicle location via GPS and track its progress with a distance-based ETA notification.
- Easy access to driver and vehicle details as well as updates regarding changes.
- Set family members and caregivers up to receive trip email alerts.
- Dedicated customer support at your fingertips.
