

# TEMPORARY SUSPENSION OF SERVICE - EFFECTIVE APRIL 1, 2020

Our priority at First Student/First Canada is to ensure the safety of our riders, patrons, and staff.

First Student/First Canada Shuttle Services is **temporarily suspending service to the public** to support the effort to contain the spread of novel coronavirus (COVID-19) in Alberta.

While we don't have any confirmed cases connected to First Student/First Canada, we believe that we can do our part, and best serve our community, by temporarily pausing public ridership on our buses.

At the present time, we are focused on how we can support city-wide prevention efforts. We will respond to the situation as it evolves, in alignment with information and guidance from Alberta Health Services and supporting agencies.

Thank you for your loyalty and understanding at this difficult time.
